Review of Draft Capital Budget FY 2011-2012
Finance Director Beauchaine reported staff was in the process of developing the proposed Capital Budget for Fiscal Year 2011-2012 and although projects were identified, many of the detailed information is still unavailable.

She continued with review of the Capital Projects List which included the following:

- Park Impact Fees
- Circulation Element
- Wastewater Facility and Effluent Disposal Phase II
- Riverside Service Line Project
- EECBG Heating/Cooling System in City Hall

Under the Debt Service the items included:
• Water Infrastructure Loan
• Public Works Utility Vehicle Loan
• Public Works Backhoe Loan
• RCAC Planning/Design Loan Interest

Finance Director Beauchaine stated another item that should be added to the list was the bridge financing for the Wastewater Project since it would be needed as we move through the project.

In regard to Asset Depreciation Beauchaine reported there was $380,000 worth of depreciation last year and she would be running a depreciation schedule to get a balance for this year.

Councilmember Marks asked if there was a possibility of collecting Park Impact Fees for all building permits rather than just on Planned Development Projects; City Manager Henrickson said the matter needed to be re-visited at some point although didn’t feel it was a priority at this time.

In closing, Beauchaine stated she wouldn’t have all of the budget figures until close-out of the June 30, 2011 year-end.

There being no further discussion, the study session ended at 6:15 P.M.

Mayor Woodall called for a recess until 6:30 P.M.

Finance Director Beauchaine reported the City is in the process of applying for a planning grant in the amount of $105,000 under the Planning and Technical Assistance General Allocation grant program for the eligible activities of a Citywide GIS; and Bellevue, Ogle, and Riverside Preliminary Storm Drainage Study and Preliminary Conceptual Design. She said $3,150 would be coming out the General Fund to satisfy the required cash match.

Councilmember Marks asked if the GIS was Citywide and who would be performing the work; Beauchaine explained the GIS was Citywide and that Winzler & Kelly was doing the work.

A public hearing was opened at 6:35 P.M. to receive public input on the proposed grant application.

There being no public comment, the public hearing was closed.
CONSENT CALENDAR

Mayor Woodall announced the items to be approved on the consent calendar and asked the staff, the public and the Council members if there was anyone who wished to have any item removed from the consent calendar for separate discussion.

Councilmember Marks asked that Item 2 be removed from the consent calendar for separate discussion under Special Call Items.

Motion was made by Thompson/Leonard to approve the consent calendar including approval of Minutes of the May 3, 2011 Regular Meeting; and authorizing the Chief of Police to Dispose of Surplus Weapons. Motion carried 5-0 with Mayor Woodall and Councilmember Barsanti abstaining from vote on the May 3, 2011 minutes.

SPECIAL CALL ITEMS

Approve Purchase of Lift Station Pump Controller in the Amount of $5,495.40 from Aqua Sierra Controls, Inc. (From Consent Calendar)
Councilmember Marks questioned the fact there was only one bid received for the pump purchase; Wastewater Superintendent Chicora explained this was a specialty item and that Aqua Sierra Controls, Inc. is the supplier for the west coast. He also noted that the SCADA system was purchased from them and that all the SCADA equipment is proprietary.

Motion was made by Leonard/Marks to approve the purchase of a Lift Station Pump Controller in the amount of $5,495.40 from Aqua Sierra Controls, Inc. Motion carried 5-0.

Consideration of Referral of Proposed Animal Control Ordinance to the Planning Commission
City Manager Henrickson reported at the last City Council meeting a workshop was held to discuss the draft animal control ordinance. Several comments and suggestions were made at that meeting and in order to provide in-depth discussion of the draft ordinance, suggested the Council refer the matter to the Planning Commission. The thought was that the Planning Commission could take more time to explore all the options and working with the Chief of Police come up with a revised draft ordinance and prepare a proposed fee resolution for Council approval.

Councilmember Marks said she thought it was a great idea and mentioned that Councilmember Thompson had brought it up at the workshop that the County of Humboldt had a good ordinance that could be used as a model.

Mayor Woodall asked if the spay and neuter policies would be incorporated in the ordinance; City Manager Henrickson stated it would be addressed.
Councilmember Marks said she would like to see references noted in the ordinance which indicate where the information is obtained; Chief Hill explained the proposed ordinance will be vetted by the City Attorney prior to adoption.

Motion was made by Marks/Leonard to refer the proposed animal control ordinance to the Planning Commission for discussion and preparation of a proposed fee resolution. Motion carried 5-0.

Authorize the City Manager to Contract with Anderson Appraisal Service for Appraisal of APN 053-051-006 in an Amount not to Exceed $800.00
City Manager Henrickson reported the owner of the subject property approached the City to see if the City is interested in acquiring the parcel. He said the parcel is located adjacent to the City’s Wastewater Treatment Plant and with construction of the new wastewater plant the secondary access to the plant from Edwards will be removed. Acquisition of this parcel will provide the City an alternative access. He said the purpose of the appraisal is to simply determine the fair market value of the parcel.

Councilmember Thompson asked for the approximate size of the parcel; City Manager Henrickson stated the parcel was approximately 2 acres although it is mostly covered with easements.

Motion was made by Thompson/Leonard to authorize the City Manager to contract with Anderson Appraisal Service to appraise APN 053-051-006 in an amount not to exceed $800.00. Motion carried 5-0.

Approve the Creation of a Community Development Director Position and Authorize the City Manager to Execute a Contract with Kevin Caldwell to fill the Position of Community Development Director
City Manager Henrickson reported the City recently hired Kevin Caldwell as the Housing Program Director and said he comes to the City with an extensive planning background. He is proposing that the position be expanded to include planning as well as economic development and possibly code compliance, under the position title of Community Development Director. He said by doing this, there would be better control of planning related tasks and diminishes dependence on Planwest Partners. To determine an appropriate salary structure, CPS was contracted to perform a salary survey based on the same methodology as previously completed for the rest of City staff. The outcome of the survey proposed a salary for this position of $69,052; the present salary for the Housing Program Director is $60,066. He said that he and the Finance Director agreed the expense would be revenue neutral due to the reduction of planning services by Planwest Partners. City Manager Henrickson stated for clarification that the City would still be contracting with Planwest Partners for specific planning projects.
City Manager Henrickson presented to Council a revised job description for Community Development Director with one small correction stating the only change was the addition of the word “building” in reference to job duties.

Councilmember Marks asked if the term of the contract was one year; City Manager Henrickson said the contract term was consistent with all other employee contracts which are scheduled to expire on June 30, 2012.

Motion was made by Thompson/Marks to approve the creation of a Community Development Director position. Motion carried 5-0.

Motion was made by Thompson/Leonard to authorize the City Manager to execute a contract with Kevin Caldwell to fill the position of Community Development Director. Motion carried 5-0.

Final Engineering and Traffic Survey
Chief of Police Hill stated when the Resolution was passed establishing speed limits for certain streets in the City, the final Traffic Survey was not included in the Council packet. As a result, he was instructed to provide the survey in a subsequent council packet. He said this is simply a “receive and file” item unless the Council has any questions.

Councilmember Barsanti stated he had received some negative comments from the public regarding the reduced speed limit on Wildwood Ave. and they wanted an explanation as to why the speed limit was changed. Chief Hill explained the change was based on the results of the traffic survey and encouraged councilmembers to refer citizen complaints to him for an explanation. He reiterated that speed limits could not be enforced with radar without the engineering and traffic survey. Chief Hill added that he was in support of the recommended speed limits.

ORDINANCES/SPECIAL RESOLUTIONS

RE: 2011 Maintenance Paving Project
     Progress Payment Request No. 1 for Thomas R. Bess Inc.

JOB #: 0106111005

The Notice to Proceed on the City of Rio Dell 2011 Maintenance Project began on May 9th and the project is moving ahead on schedule. The project is nearly 50 percent complete and we anticipate the project being done within the next two weeks.

All planned work has been completed on West Center Street and Chase Street with planned work still remaining on East Painter and the Northern end of Rigby Ave. Upon direction from the City, the planned work on Fern Street has been substituted for paving on Davis Street and West Painter Street to avoid having new pavement placed as a part of this project placed where it will be disturbed by the upcoming wastewater effluent project. There is no anticipated cost increase as a result of this change.

Attached is the invoice from Thomas R. Bess Inc. in the amount of $100,937.00 which includes 10% retention to be withheld until the project is complete. The contract amount for this project is $182,258.00. The project has been inspected by City staff and the quantities completed to date have been measured by the City in the field with assistance from Winzler & Kelly and verified by the Randy Jensen. Therefore, we recommend payment to Thomas R. Bess Co., Inc. for Progress Pay Request No. 1 in the amount of $100,937.00 at this time. This amount takes into account 10% retention to be withheld until the project is complete. Payment to the contractors is typically due within 30 days from when the invoice is received. The current invoice was first received on June 2nd.

Please don’t hesitate to contact me if you have any questions regarding the project progress or this pay request.

*The budget figures presented represent all financial activity through the period ending 03/30/2011, which is equivalent to 75% of the year, or three quarter periods.*

**Citywide Budget Highlights**

As of 03/30/2011 the City has received 74% of anticipated annual operations revenues, and expended 70% of operations funds appropriated. At this time both revenues and expenditures are relatively proportionate to one another and to the fiscal period for which we are ending.

**General Fund Highlights**

General Fund revenues received to date represent 59% of anticipated annual operations revenue for the fund. Revenue to date continues to be proportionately low as it relates to the bi-annual property tax disbursements from the County. The next large disbursement will be recorded in April and reflected in the next quarterly report. In comparison to data from the prior quarter, building activities have increased and are now on target with annual projections. We will continue to watch building activity trends and the potential affect it may have on the revenue budget. Retail sales tax data for this period exceeds annual projections by 21% which can be attributed to new business within the City. At this time both General fund revenues and expenditures are on target with projections, and there will likely be no recommendation for augmentation of the original budget projections.

**Streets Fund Highlights**

Streets revenue received to date represent 80% of annual projections, and 81% of funds appropriated. Expenditures to date are proportionately high as a result of street repairs on Monument Rd. in excess of what was originally anticipated. We will continue to watch the activity within this fund group and any impact it may have on the overall

**Sewer Fund Highlights**

The City has received 84% of budgeted sewer operations funds to date, and expended 74% of funds appropriated. Revenues received to date have exceed the periods projections; service fees collected are 7% higher than third quarter, and shut-off and late fees have already exceeded funds budgeted by 50%.

**Special Revenue Fund Highlights**

Special Revenue Funds received through the third quarter represent 71% of revenue budgeted for the year. Expenditures to date are reported at 65% of funds budgeted. Both
Water Fund Highlights

Water Fund revenues continue to exceed projections with third quarter receipts ending at 33% of annual projections. Water Fund expenditures continue to fall below projections and totaled only 60% of funds appropriated for the year. Mirroring the sewer fund receipts Water fund late and shut off fees have exceed the annual budget projection by 49%.

Discussion
The City of Rio Dell has a joint Exercise of Powers Agreement with the Humboldt Waste Management Authority (HWMA). Section 7.3c of that agreement requires HWMA to provide notice to member agencies of proposed rate changes.

At a regular meeting of the HWMA Board of Directors held on May 12, 2011, Resolution 2012-01 Establishing Waste Management Fees for the 2011/2012 fiscal year was adopted. The new fees will go into effect July 1, 2011.

HWMA is reducing their current rates by 2.5%. This reduction in rates will ultimately impact Rio Dell rate payers in a positive way, as it will decrease the amount of fees the City’s Franchise Waste Hauler, Eel River Disposal (ERD) pays to the Authority, and a portion of that savings will be reflected in future ERD rates.

RESOLUTION 2012-01

A RESOLUTION OF THE HUMBOLDT WASTE MANAGEMENT AUTHORITY FOR THE COLLECTION OF INTEGRATED WASTE MANAGEMENT FEES

Section 1. PURPOSE AND INTENT.

The purpose of this Resolution is to establish and collect fees as authorized by Sections 41901 and 41902 of the Public Resources Code in order to fund the reasonable and necessary costs incurred by the Humboldt Waste Management Authority in the preparation, maintenance, adoption and implementation of the Countywide Integrated Waste Management Plan mandated by Section 40000 et seq. of the Public Resources Code, and in the operation of the integrated waste management system implemented as a result of that plan.

It is the intent of this Resolution and of the Authority to achieve these purposes in the most cost-effective manner possible, while continuing to reduce the amount and toxicity of waste generated in the County to the greatest degree possible.

It is the further intent of the Authority that such fees recover the full and complete costs associated with providing and operating waste management facilities and programs, including any and all surcharges imposed by other governmental agencies on the receipt, handling, processing or disposal of refuse or other waste materials. Facility and program costs supporting the fees charged by this Resolution are identified in the Authority’s annual budget.

A request for a copy of any weight ticket that is over 180 days old will be billed at $40 per hour for staff research time.

Section 6. FAILURE TO COMPLY.

The Authority may collect any unpaid fees and penalties by civil action, in which event the Authority shall have judgment for the cost of the suit and reasonable attorney’s fees.

Remedies for the failure to comply with this Resolution are non-exclusive. The Authority reserves the right to take any, all or combination of administrative, civil and criminal actions to enforce the terms of this Resolution, separately or concurrently.

Section 7. REFUNDS.

In the event any fee has been overpaid or has been erroneously received by the Authority under this Resolution, it shall be refunded.

Section 8. EFFECTIVE DATE.

This Resolution shall take effect on July 1, 2011.

CITY OF RIO DELL
STAFF REPORT
CITY COUNCIL AGENDA
JUNE 7, 2011

TO: Mayor and Members of the City Council
FROM: Carla Ralston, Public Works Administrative Assistant
THROUGH: Ron Henrickson, City Manager
DATE: June 7, 2011
SUBJECT: Annual Adjustment to Eel River Disposal Garbage Rates

RECOMMENDATION

Approve the proposed rate adjustment with Eel River Disposal, and accept it as an amendment to the City’s Solid Waste and Recycling Franchise Agreement, effective July 1, 2011.

BUDGETARY IMPACT

Cost adjustments are borne by the user of the service.

BACKGROUND AND DISCUSSION

The solid waste franchise agreement with Eel River Disposal (ERD) includes a provision for an annual CPI adjustment to the portion of the garbage rate that covers operational costs. Section 2.03.06 of the franchise agreement establishes that any CPI change “must have approval of the City Council as to accuracy prior to the service rate taking effect”. The proposed rate change for this year based on the CPI reflects an increase of 1.6%, that will be reflected in collection fees; with a reduction in the disposal rates. The combination of these changes actually reduces most rates for the rate payers. A 32 gallon
can (1 time weekly) will be $24.12/month, representing a reduction of .09 cents from the current rate. The rates for the various bins will reflect a slight decrease as well. Additionally, the rate for the individual bags will be unchanged at $5.75 for seniors and $6.00 for non-seniors.

Eel River Disposal has sent three attachments along with their request. Exhibit ‘A’ shows that portion of the rate that is applied to the landfill fee, per our current agreement. Exhibit ‘B’ shows the new costs for collecting the garbage. Exhibit ‘C’ shows the new combined rate totals.

RE: Rate increase to be effective 7-1-11

Dear Mr. Hendrickson:

Please find enclosed new rate sheets reflecting our proposed rate change based upon the CPI, this year the change is +1.6% and also there is a reduction in the disposal rates. The combination of these changes reduces most rates for our customers. The rate change should be effective July 1, 2011.

If you should have any questions I can be reached at 725-5156.

Sincerely,

Karen Smith
Office Manager

SUBJECT: Award Contract to Design Air for Energy Efficiency and Conservation Block Grant (EECBG)

IT IS RECOMMENDED THAT THE CITY COUNCIL:

Approve award of contract to Design Air in the amount of $23,913.00 for the City Hall HVAC Replacement Project and authorize the City Manager to execute the Contract Agreement.

BACKGROUND AND DISCUSSION

In February 2010, the City passed Resolution No. 1070-2010 authorizing the County of Humboldt to apply on behalf of the City of Rio Dell for North Coast Integrated Regional Water Management Plan (NCIRWMP) Energy Efficiency and Conservation Block (EECBG) Funding.

The County has now entered into an agreement with the North Coast Integrated Regional Water Management Plan Energy Efficiency and Conservation Block for funding up to $25,000.00, and we are now ready to award the contract and begin the project.

Staff has obtained three proposals for the needed work; the first quote is from Design Air for the amount of $23,913.00, the second quote is from Air Tight Heating and Sheet Metal for the amount of $26,500.00 and the third quote is from California Heating for the amount of $26,812.00.

BUDGETARY IMPACT

Funding for this project to come from the Energy Efficiency and Conservation Block Grant.
