TO: Honorable Rio Dell City Council and Planning Commissioners

FROM: Ron Henrickson, City Manager

DATE: February 1, 2011

SUBJECT: Workshop on Dinsmore Plateau Development and De-Annexation of Blue Slide Road and Natural Resource Area

Action:

No action need be taken at the Workshop.

Background:

Dinsmore Plateau

The owner of the property has approached the City Planner regarding rezoning the property to an increased density greater than the current 5 acre density. The purpose of the workshop is to have a general discussion of the various development scenarios and the possible impacts to City infrastructure. The owner was scheduled to meet with the City Manager and City Planner on Wednesday, January 26, 2011, but was unable to do so.

De-Annexation of Blue slide Road and Natural Resources Area

These properties were annexed recently. In the case of Blue Slide Road it was anticipated that an urban style subdivision would be developed. This is apparently no longer the case. City staff has become aware of the condition of Blue Slide Road and would like to discuss the potential impacts to the City.
In the case of the Natural Resource Area property this was annexed as a possible site for waste disposal. Under the present plan this property is not going to be used. The staff would like to discuss the merits of de-annexing this site.
