SPECIAL PRESENTATIONS/STUDY SESSIONS
Presentation on Findings from Report on Humboldt County Roads and Bridges
Yoash Tiles, Engineer and President of the American Society of Civil Engineers North Coast Division provided a presentation on the 2014 Report Card for Humboldt County’s Infrastructure which focused on roads and bridges. He said through grant funding a committee of local experts and officials was formed to assess the roads and bridges that are maintained by the County, the Cities, and the Tribes within the Humboldt County area. He said 1,214 miles of local roads and 170 local bridges were evaluated using fundamental criteria including condition, capacity, safety, operation and maintenance, resilience, funding and future need, and innovation. He explained the methodology of letter grades was used to grade the infrastructure with ‘A’ meaning “exceptional” and ‘F’ meaning “Failing/Critical.” He pointed out that there are essentially only three main routes in and out of the County which make the infrastructure vulnerable. He said overall, the County would have to spend five times the current investment to simply maintain infrastructure to their current condition. The committee gave an overall grade of D+ for County maintained roads and C- for bridges. He noted that Rio Dell has no bridges to maintain but roads were given a grade of C (mediocre.requires attention).

The following three (3) recommendations were presented:

1. Increase Leadership in Infrastructure Renewal
2. Promote Sustainability and Resilience
3. Develop and Fund Plans to Maintain and Enhance Humboldt County’s Infrastructure

Councilmember Johnson asked if the assessment will be done on an annual basis.

Mr. Tiles said the goal is to keep the group together and perhaps look at water and wastewater infrastructure next with involvement of City water districts and community services districts.

Councilmember Marks commented that she was surprised to see the City in the 60% range as far as road conditions because in a report done a few years ago, it identified Rio Dell as having the worst roads in the County.

Mr. Tiles reviewed the average Pavement Condition Index (PCI) for Rio Dell which was 62 and pointed out the average throughout the County is 61-64. He directed the Council to their website for additional information at northcoast@asce-sf.org.

Presentation by State Board of Equalization – Sales Tax
City Manager Knopp stated that the next three (3) agenda items are all related to sales tax on the local, County and Statewide level and introduced Ieva Bowden, Business Taxes Specialist from the State Board of Equalization (BOE).

Ms. Bowden proceeded with a power point presentation to provide information on the various tax and fee programs administered by the BOE. She explained the difference between Sales Tax and Use Tax and said basically sales tax is charged by the retailer on all tangible personal
property at the point of sale in California; use tax is imposed on out-of-state purchases and the purchaser is obligated to pay the tax when the item comes into California. She continued by providing a breakdown of the statewide tax rate currently at 7.50% and said the state gets 6.50% and the city gets 1.00% in addition to district taxes if applicable. She noted that district taxes range from 0.10% to 2.00%; to exceed the 2.00% cap requires passage under special legislation. She said under the Bradley-Burns Uniform Local Sales and Use Tax provisions, of the 1.00% local portion of sales tax, cities and counties are able to use .75% to support general operations; the remaining .25% is designated for transportation purposes and may only be used for road maintenance or the operation of transit systems.

She continued with review of voter approved district taxes and said district taxes are either designated for general purpose or special purpose. She stated that cities and counties cannot collect district taxes independently and the ongoing cost for BOE to administer Rio Dell’s district tax would be $300.00 per quarter. She noted that there is also a one-time cost split between jurisdictions but Rio Dell’s cost had not been determined because it depends on how many jurisdictions have district tax measures on the ballot. She indicated that the City can request the City’s cost through BOE.

Councilmember Wilson commented that he was told the City’s portion of sales tax was based on population.

Ms. Bowden explained that sales tax revenue is not generated by zip code because of varied zip codes in some cities and is based on the actual incorporated areas within the City.

She then reviewed the process once a district tax passes and said if the City’s measure passes, a representative from the City must notify BOE immediately. She said there is a 110 day waiting period after the election for implementation of the tax April 1, 2015 so the first check to the City would not be until June, 2015.

At the conclusion of her presentation she asked for questions of the City Council.

Councilmember Wilson asked if the .25% designated for transportation purposes goes directly to the City for road maintenance and transit needs or to the County; more specifically if .25% of the $131,812 in sales tax revenue the City received in in FY 2012-2013 was specifically for transportation purposes.

Ms. Bowden responded that Councilmember Wilson was correct.

Councilmember Wilson then asked if it is public information regarding where specific sales tax is generated in the City.

Ms. Bowden commented that she was not sure and encouraged Council and staff to submit specific questions in writing to BOE as they will respond.
Finance Director Woodcox commented that when you go onto BOE’s website there is a login page and you have to agree to keep the information private.

City Manager Knopp stated another commonly asked question is what happens when a Rio Dell resident goes out of the area and for example, purchases a vehicle in Santa Rosa.

Ms. Bowden explained if the City had a district tax then 1% of the sales tax would come back to the City and the remaining tax stays in Santa Rosa with the point of sale.

Mayor Thompson called for public comment.

Billie Joe Long stated that use tax was broken down between state, local and district tax and asked for clarification on whether each district can have a 2% district tax.

Ms. Bowden explained the County and City combined cannot exceed 2% and the maximum state sales tax is 9.5%.

Presentation by County of Humboldt – County Sales Tax Measure ‘Z’:
City Manager Knopp introduced Philip Smith-Hanes, CAO of the County and Bill Honsal, Undersheriff who were present to provide a presentation on the County of Humboldt’s proposed .050% Sales Tax Measure Z.

Sheriff Honsal began by stating that due to County budget constraints as the result of State budget cuts the need for enactment of Measure Z is critical. He said currently the Sheriff’s department has 15 frozen patrol positions and 17 frozen positions in the jail. He said they are looking at jail expansion of 40-50 beds but in order to do that, positions need to be restored. He noted that they are mandated by the State to keep the jail population at a manageable level.

He further stated that the Eel River Valley beat covers the area from Humboldt Bay to Scotia and their goal is to have a team approach to address illegal marijuana grows that are drying up creeks and streams and using toxic pesticides that destroy Humboldt County’s natural environment. He said another goal is to implement civil fines to repair the damage to the environment. He added that Measure Z will also provide funds to maintain and improve public safety with regard to response time and other essential services such as providing services for the victims of child abuse.

Philip Smith-Hanes continued by stating that Measure Z is a .050% sales tax that will, by law expire in 5 years. He said the County is taking extra steps to make sure funds generated from Measure Z if passed, are spent the way voters feel they should be spent and as such a citizens’ advisory committee was formed to ensure funds are spent responsibly and as promised.
In closing, he invited the Council to visit the County website at [www.humboldtgov.org](http://www.humboldtgov.org/) for more information and official documents on Measure Z.

Mayor Thompson called for public comment.

Nick Angelo commented on behalf of the Rio Dell-Scotia Chamber of Commerce and stated that the Chamber understands additional sales taxes are necessary to maintain vital services in the community and said what the Chamber would like to see is the County and City of Rio Dell moving more toward promoting economic development as they feel it is essential to maintain long-term sustainability.

Mr. Smith-Hanes stated that he appreciated the comment and agrees that economic development is important as well as being fiscally responsible but said it is basically up to the voters now. He said he will be advocating for a portion of the revenue to be put in reserves for jail expansion and noted that the County is currently operating on a shoestring reserve.

Councilmember Wilson asked how the citizens’ advisory committee is appointed.

Mr. Smith-Hanes explained the committee is appointed by the Board of Supervisors and the measure provides for the committee to be appointed prior to receipt of funds.

**Presentation by City Manager – Rio Dell Sales Tax Measure ‘U’**

City Manager Knopp stated that the City’s proposed sales tax measure is similar to the County’s in that it will, by law expire in 5 years and that it is a 1% sales tax rather than .050%. He said like the County, staff is in the position to only provide information on the measure and cannot advocate for it on City time. He said the Rio Dell Police Officers Association is gearing up to promote the measure while off-duty. He said staff will be sending out a City Newsletter and asked for Council input on the content regarding Measure U.

He further explained that City staffing was at its all time high in 2010 with 24 full-time employees (FTE’s) but was cut by 30% in order to contain General Fund costs. He said there are 16.75 FTE’s allocated in this year’s budget. He said also employee benefit costs are a concern, primarily the rise in health care costs. He said there are consequences with the reduction in staff in that the current level is the baseline for providing essential services. He pointed out that the current number of police officers in the City remains at 5 full-time officers including the Chief and the minimum staffing requirement for 24/7 police coverage is 6. He noted that one positive point is that the City currently maintains a decent size reserve which allows for steady, well thought out decisions on how to proceed, and based on the results of the election.

He said if passed, Measure U will generate approximately $173,000 in annual revenue for 5 years which will allow the City to provide essential City services such as police services, road maintenance and elimination of the city’s $144,000 operational budget deficit in the General Fund.
He said the funds will also allow the City to focus on economic development to expand the tax base so that the City can establish balanced budgets after the tax expires.

City Manager Knopp commented that he will include in the newsletter, frequently asked questions, the City Attorney’s Impartial Analysis and the full text of the measure (Ordinance 326-20:4) that was not included in the sample ballot pamphlet.

He further explained that if the measure passes a separate budget line item will be created and financial reports will be provided showing all expenditures.

Councilmember Marks said she likes simplicity and suggested the newsletter information be easy to read.

City Manager Knopp stated the intent is to provide a quick access page with the main facts pertaining to the measure.

Councilmember Johnson suggested that it be pointed out that the City’s revenue sources are diminishing.

Councilmember Wilson stressed the importance of transparency and said having a separate budget line item is good. He commented that the voters are being hit with a lot of tax decisions with the County, City and Fire District all having proposed measures and said he was disappointed to see so few citizens present. He commented that there was not a lot of attendance at this evening Fire Department meeting either.

City Manager Knopp suggested the idea of holding a special town hall meeting if the Council is receptive.

A tentative date of October 15th was scheduled for a town hall meeting to discuss Measure U and to explore the idea of approaching the Fire District to see if they are interested in participating to address the proposed Fire Assessment at the same time.

Alice Millington stated that another important factor to point out is that food is not taxed because when you subtract that from the equation, the additional 1% sales tax is hardly anything.

Nick Angeloff expressed the need to focus on economic development in order to increase the revenue base rather than a continued sales tax.

Mayor Thompson pointed out that citizens can’t afford to drive out of town to save 1%.

City Manager Knopp asked for Council input regarding special presentations at Council meetings.
Councilmember Wilson commented that he would like to see presentations limited to 20 minutes.

SPECIAL CALL ITEMS/PUBLIC HEARINGS

Authorize Staff to Proceed with Abatement of Nuisance – 851 Rio Dell Avenue
Community Development Director Caldwell provided a staff report and said last November there was a fire which resulted in significant damage to the residence at 851 Rio Dell Ave. He said due to complaints from the neighbors, the property owner was contacted regarding the need to abate the nuisance by either renovation or demolition. His response was that his daughter was residing in the house at the time of the fire and that she and her boyfriend intended to repair the residence. He said after the fire, the residence was inspected and yellow tagged, restricting occupancy and allowing limited entry. In January staff prepared and recorded a Notice and Order to abate the damaged residence with the stipulation that the permits be obtained and either repairs or demolition commence within 60 days and completed within 120 days which was May 27, 2014.

He said around that same time, the owner, Jerry Crosby unfortunately passed away and soon after the daughter’s boyfriend also passed away. He said in August another site inspection was conducted and staff observed the residence filled with garbage and debris as well as garbage in the backyard. Based on the structural condition of the residence the Building Inspector red tagged the building and informed the resident that the building needed to be demolished. When staff approached the resident she indicated that she did not have the financial means to abate the nuisance. As such staff informed her that the City would be pursuing abatement of the nuisance and that a lien would be placed on the property to recover the associated costs.

Community Development Director Caldwell stated that a quote was received from Dennis Wendt for demolition and clean-up of the property in the amount of $6,075. He recommended the City Council direct staff to obtain an abatement warrant and authorize the nuisance to be abated.

Councilmember Marks asked if there was currently any power to the residence, if anyone was living on site and if the process went through legal review.

Community Development Director Caldwell said the residents were residing in a motorhome on site but has now been removed so with demolition of the house there will be a flat, clean lot.

Councilmember Johnson questioned the timeframe for the contractor to complete the job.

Staff said Dennis Wendt indicated he would be able to begin the demolition/clean-up in about 2 weeks.
A public hearing was opened to receive public comment. There being no public comment, the public hearing closed.

Motion was made by Johnson/Marks to direct staff to pursue and obtain an Abatement Warrant and authorize the nuisance to be abated at 851 Rio Dell Avenue. Motion carried 4-0.

ORDINANCES/SPECIAL RESOLUTIONS/PUBLIC HEARINGS

Introduction and First Reading (by title only) of Ordinance No. 328-2014 Amending Purchasing Procedures Section 3.30.100 of the Rio Dell Municipal Code (RDMC)

Finance Director Woodcox provided a staff report and said the purpose of the ordinance amendment is to satisfy the recommendations of the EPA’s desk review audit of the City’s Brownfield Grant. She said EPA notified staff that the lease vs. purchase policy meets their recommendations; however found that the disciplinary procedures lack the recommended Codes of Conduct in the Procurement Standards.

Councilmember Marks asked why Section 11 was deleted.

Finance Director Woodcox explained that it was not deleted but simply rewritten.

A public hearing was opened to receive public comment on the proposed ordinance. There being no public comment the public hearing closed.

Motion was made by Wilson/Johnson to introduce and conduct first reading (by title only) of Ordinance No. 328-2014 Amending Purchasing Procedures Section 3.30.100 of the Rio Dell Municipal Code and to continue the second reading and adoption of the ordinance to the October 21, 2014 regular meeting. Motion carried 4-0.

REPORTS/STAFF COMMUNICATIONS

City Manager Knopp reported on recent activities and events and said there were some minor modifications done with regard to the wastewater rates which will hopefully correct the errors for the next billing; said he will be meeting with Frank Basik again tomorrow to discuss the emergency water intertie project between Rio Dell and Scotia; will be talking with the special water attorney and asking questions regarding riparian water rights and use of the old wells in Metropolitan as well as other water related issues and said he may want to set up a conference call with the City Council and the attorney to go over the various issues; said he was working on a written agreement with the Old Ranch Road water customers; said he discussed with staff the idea of a Jim Stretch Plaque and formulated ideas including planting a tree and putting up a plaque on his behalf; said the emergency water permit was submitted to the Army Corp of Engineers related to the infiltration gallery; however since the October 15th deadline to get into the river was missed, realistically the work will not commence until May now; said staff is also
working forward on a grant application to move the infiltration gallery out further into the river; said with regard to some PG&E markings on the road said the City contracted with Wendt Construction to address some of the City’s I & I problems; is working on update of the City’s website so updates can be done by staff; said with regard to potential garbage rate increases he settled the issue with Eel River Disposal for the time being and reminded the Council that the franchise agreement with ERD will be coming up for renewal in 2016; staff is working on a Master Fee Schedule for the City; and said he has been discussing with staff the fencing of the recently acquired school property and said rather than chain link fencing he would like to see something more attractive such as a redwood fence. He said staff is working on getting quotes on different types of fencing.

Councilmember Marks said staff needs to think of fencing in terms of access because in the past kids have destroyed fencing to get access to the school.

He also reported that well #3 was up and running with the help of public works staff and were waiting for tests to come back from the lab; reported on a potential training opportunity for new as well as current City Councilmembers and said the League of California Cities will be scheduling a 1-day session to go over the Brown Act and other City Council procedures; said employee health insurance renewal is approaching and needs to be addressed as soon as possible. He indicated there will be a 25% increase in costs to maintain the current level of coverage which is obviously not acceptable so he will be working with the employees to maintain current costs; said with regard to the Master Plan for the remodeling of City Hall is recommending that all modifications be tabled with the exception of emergency repairs due to budget constraints. He said he feels there are more important priorities at this time such as maintaining basic level of services to the community.

Mayor Thompson suggested before any final decisions are made to get everyone together and come up with a common Master Plan for the future; Councilmember Marks agreed.

City Manager Knopp said that one area with potential to leverage sizable grant dollars is for community center type projects. He expressed the need to raise awareness for the need for a Community Center and said maybe it could include a City Council Chambers to free up space at City Hall. He pointed out that this would be more of a long-term plan possibly in 3-5 years.

City Manager Knopp said ADA compliance is an important issue and since there are some basic maintenance issues with the porch area suggested staff obtain a quote for a new ADA porch extending from the Police Department to the Council Chambers.

City Manager Knopp then mentioned that there were a couple of employee complaints related to the cap on vacation accrual which will need to be addressed at some point.
Councillor Marks reminded staff that the Chief was going to present a Community Service Award to the young lady that was instrumental in organizing the river bar clean-up even and asked what the City can do to help with the 50th Anniversary of the 64 Flood Event.

City Manager Knopp noted that Councillor Marks had also asked at the last meeting for an update on the water usage at the Fire Department and said staff will have a report at the next meeting. He suggested an announcement of the upcoming 64 Flood Anniversary Event be included in the next City Newsletter.

Finance Director Woodcox reported on recent activities in the finance department and said on Friday staff will be training with Accufund on the online bill pay process so customers will have the capability of paying bills from a link on the City’s website through Govteller for the same fee as charged at the front counter. She also reported that the TDA auditor will be here to conduct the annual TDA audit; apologized for not having the report on the Fire Department water usage; and stated for clarification that the $163,000 mentioned for projected sales tax revenue was the estimate that came directly from BOE.

Community Development Director Caldwell reported on recent activities in the planning department and said with regard to the PTA Grant for the Bellevue/Ogle Drainage Study, he heard from HCD that GHD cannot be considered as one of the three bidders because they are the City Engineer and have an unfair competitive advantage and directed the City to select the next highest score which is Whitchurch Engineering; said he was working on an amendment to the Nuisance Ordinance related to Administrative Citations and presented a sample of the Administrative Citation Notice and said he was also working on a Request to Appeal and an Appeal Waiver form and was hoping to have the introduction of the ordinance at the October 21st Council meeting to implement administrative citation fees; reported that Cal-Fire has an Urban Forestry Grant and that he was in contact with the local Urban Forester and he will be meeting with staff next week to see how the City can qualify to get funding as part of their urban forestry program; reported on the CDBG grant for rehabilitation of 158 Birch St. and said RFP’s will be going out next week with a mandatory walk through with the contractors on October 23rd; said the Sculpture Committee will be meeting during the next week or so to discuss sign options for displayed art and the cost of additional slabs stating that Wendt Construction provided a quote of $1,000 per slab. He said that he obtained a quote for an 8 x 10 bronze sign at $350.00 which is not only too expensive but the lettering is too small so the Committee is exploring other options such as an 11 x 17 sign or possibly a kiosk or a community bulletin board at the downtown City parking lot with information about the sculpture and perhaps a bio on the artist.

COUNCIL REPORTS/COMMUNICATIONS

Councilmember Johnson announced that Governor Brown recently signed Senate Bill 628 by ‘Beal’ on the subject of Enhanced Infrastructure Finance Districts (EIFD) including streets, water etc. and said it changes the voter approval requirement from 66% to 55% which is what the League of California Cities has been promoting and it is now a law.
ADJOURNMENT

There being no further business to discuss, the meeting adjourned at 9:28 p.m. to the October 21, 2014 regular meeting.

CITY COUNCIL AGENDA
Tuesday October 14, 2014

TO: Mayor and Members of the City Council
THROUGH: Kyle Knopp, City Manager
FROM: Brooke Woodcox, Finance Director
DATE: October 14, 2014
SUBJECT: Year End Reserve Balance Transfers

RECOMMENDATION

Approve yearend reserve balance transfers in order to eliminate negative fund balances for end of 2013-2014 Fiscal Year.

BUDGETARY IMPACT

The General Fund Reserve will be reduced by $17,338 and the Gas Tax Fund will be reduced by $34,673.

BACKGROUND AND DISCUSSION

The Operations Budget for the 2013-2014 Fiscal Year was adopted by Resolution 1206-2013 on June 25, 2013. At yearend budgeted appropriations were less than actual for Funds (040) SLESF and (026) TDA and resulted in negative fund balances. Fund (026) ISTEA requires a closing adjustment. Specific details for the adjustment to each fund are:

- SLESF – Health Insurance ($19,669), Overtime ($2,056), and the purchase of two police vehicles ($2,467) were the largest contributors to the negative fund balance
- TDA – HTA and Adult Day Health Care Services pass thru funds, which are normally appropriated in the Operating Budget, were left out of the 2013-2014 budget. The omitted expenditure of $46,349 results in a needed transfer of $40,926 to eliminate the negative fund balance in the TDA fund
- ISTEA – This funding source is no longer available. At year end the fund balance is positive and results in a transfer of $6,253 to the Gas Tax Fund.

TO: Rio Dell City Council

FROM: Kyle Knopp, City Manager

SUBJECT: Discussion and Possible Action to Support Grant Application for “ArtPlace America” National Grants Program.

IT IS RECOMMENDED THAT THE CITY COUNCIL:

Provide conceptual support for the grant and direct the City Manager to draft a letter of support for the Mayor’s signature, and/or otherwise support the grant application process.

BACKGROUND AND DISCUSSION

The Chamber of Commerce has approached the city to support an application for the “ArtPlace America” National Grants Program. It is understood that there is no financial obligation undertaken by the city should the grant be awarded. The grant would support the arts community of Rio Dell, specifically the “Avenue of the Sculptures” concept for Wildwood Avenue. The grant would support the public display of local artistic works, providing kiosks, benches, platforms and other support to enhance the art district and the city’s downtown in general.

Additional information will be provided at the Council meeting.

ArtPlace America (www.artplaceamerica.org) is a ten-year collaboration among 14 foundations, 8 federal agencies, and 6 financial institutions who are dedicated to positioning art and culture as a core sector of comprehensive community planning and development in order to help strengthen the social, physical, and economic fabric of communities.

ArtPlace focuses its work on creative placemaking, the set of practices in which art and culture work intentionally to help to transform a place. ArtPlace does this through a national grants program and five community-wide investments; it seeks to understand and disseminate successful practices through its research strategies; and it works to connect practitioners, organizations, and communities with one another.
Frequently Asked Questions

These answers to frequently asked questions are intended to address as many of your questions as possible. Please read all questions and answers before sending an inquiry to the ArtPlace America staff, who have limited resources to respond to individual queries.

If you do not see your question posted here, please send an email to grants@artplaceamerica.org.

Definitions

The below definitions are those held by ArtPlace for the purposes of this Letter of Inquiry. We recognize that these definitions can have a different meaning based on social context: particularly distinctions between rural and urban places; as well as financially affluent and low-income neighborhoods. ArtPlace America strives to be inclusive of those different contexts as it builds its grant portfolio and creative placemaking partnerships.

**Creative Placemaking:** Strengthening the social, physical, and economic fabric of a community through arts and culture.

**Community:** A group of people related by geography.
Criteria

1. What does a great proposal look like?

Great proposals clearly and concisely communicate:
 i.) A description of the geographic community in which you are working.
 ii.) A description of the challenge/opportunity the community has decided to tackle.
 iii.) The arts strategy that will be used to tackle the selected challenge/opportunity.
 iv.) How to gauge the project’s success.

2. What kinds of initiatives has ArtPlace America funded?

A complete listing of ArtPlace America-funded initiatives can be found at http://www.artplaceamerica.org/grants/. Please focus your application on the specifics of your community, challenge/opportunity, and arts strategy. Successful applicants clearly express responses to the above question as they relate to their distinctive place.

3. What kinds of partnerships does ArtPlace America look for and think are important?

ArtPlace America is most interested in cross-sector partnerships that have aligned values and goals for improving the social, physical, and economic fabric of their community. If the organization or individual partner has a role in the planning and implementation of your project, then it is likely an important partnership.

4. Is there a preference for programs that are scalable and/or
replicable?

While there is no preference for programs that are scalable or replicable, ArtPlace America has an interest in projects that could potentially build the collective knowledge of the creative placemaking field.

5. How competitive is the process?

Last year, ArtPlace provided grants to approximately 4% of the 1300 LOIs submitted (55 projects). This year we anticipate funding approximately 40 projects from the applicant pool.

Eligibility

6. Who is eligible for funding?

ArtPlace America invites applications from non-profit organizations, local governing bodies, individual artists/designers, and for-profit organizations within the U.S. and all U.S. Territories. If you or your organization do not currently have 501 (c) 3 status or city charter, you will need to apply through a nonprofit fiscal agent (any 501 (c) 3 able to manage philanthropic resources on your behalf and in accordance with nonprofit accounting standards). ArtPlace America grantees who received an award in 2014 are not eligible to apply in this round.

7. If I am not a registered 501 (C) 3 do I need to secure a fiscal agent before submitting my letter of inquiry? What is the role of a fiscal agent?

The fiscal agent acts as the steward of the grant funds. It signs
all contracts and is ultimately responsible for the funds being used as stated in the grant contract. It also signs off on all interim and final reports, including but not limited to the financial update section of those reports. While you may apply for a grant in advance of securing a fiscal agent, a fiscal agent must be secured by an individual artist, designer or for-profit organization applicant before receiving funds from ArtPlace America. Given the limited resources we have for this program, ArtPlace requires that all fiscal agent fees be no more than 12.5% of the total ArtPlace request/award.

8. Does ArtPlace America require matching funds?

There is no required match for the ArtPlace America National Grants Program. Despite not requiring a match, ArtPlace values projects that are able to leverage additional federal, regional, and local public/private funding.

9. Are state bodies eligible to submit an LOI?

Yes, all local/regional/state governing bodies (including state bodies) are eligible to submit a Letter of Inquiry for grant funding.

10. Can one organization submit multiple Letters of Inquiry?

No. An organization may only submit one Letter of Inquiry per grant cycle.

11. Can an organization be listed as a partner on one application and submit a separate application?

Yes, we encourage partnerships for all projects. However, only one application should be submitted for any given project. Any separate applications should be for separate projects.
12. Can an organization submit a Letter of Inquiry and act as a fiscal agent for an individual artist or for-profit organization?

Yes. An organization may serve as a fiscal agent and submit its own separate proposal.

13. Will projects outside of the U.S. be funded?

No. ArtPlace America will only fund projects located in the U.S and U.S. Territories.

14. Will projects located in Puerto Rico be eligible for funding?

Yes. Projects located in Puerto Rico and all U.S. Territories are eligible to receive funding.

15. Will ArtPlace America accept applications from previous grantees?

ArtPlace will consider applications from previous grantees for new projects; continuations of previously funded projects will not be considered. Additionally, previous grantees are not eligible to submit a Letter of Inquiry in the same calendar year in which they received a grant. For instance, if your organization or project received an ArtPlace America grant in 2014 you are not eligible to submit a letter of inquiry during the current grant cycle.

16. Are there restrictions in terms of size of organization or years of incorporation?

No, there is no minimum or maximum requirement for operating budget, staff size, geographic reach, or any other metric for an organization's size. ArtPlace does not require a
minimum number of years of incorporation.

17. What artistic disciplines are eligible?

We encourage grant submissions from ALL artistic disciplines. Some of ArtPlace’s foundation partners have an interest in the performing arts and have provided funding to ensure grants are made to performing arts organizations. Several funders are also interested in ensuring the participation and representation of folk and traditional arts and Native American arts.

18. What is the difference between audience development/engagement and creative placemaking?

ArtPlace America seeks place-based projects that will strengthen the social, physical, and economic fabric of their communities. We believe this work to be fundamentally different and distinct from audience building, outreach, and engagement. To ArtPlace, audience engagement refers to activities intended for a group of people that is primarily united by a particular interest (in this case likely the given organization’s programming). Creative Placemaking focuses on groups of people that are distinctly united by geography. While there may be overlap across audience members and community members, we are specifically focused on definitions of community that are readily delineable on a map. Audiences often extend beyond such geographic limitations.

19. Does ArtPlace America have geographic priorities?

Applications are encouraged from all 50 states and U.S. territories, and ArtPlace America funds in communities across the country. Several of ArtPlace’s foundation partners have deep commitments to their local and regional communities
and have provided funding specifically to ensure grants are made in communities of all sizes in Alaska, California, and Minnesota; and for rural communities throughout Arizona, Iowa, the Upper Peninsula in Michigan, New Mexico, North Dakota, Oregon, South Dakota, Texas, and Wisconsin; and for the cities of Akron, OH; Boston, Cambridge, and Somerville, MA; Charlotte, NC; Detroit, MI; Macon, GA; Miami, FL; Greater Philadelphia, PA; San Jose, CA; and St. Paul, MN. In an effort to support the broad spectrum of creative placemaking practices across the United States, ArtPlace is particularly interested in projects from states in which it has not yet granted including Delaware, Montana, New Hampshire, Nevada, Oklahoma, South Carolina, Utah, and Wyoming. We continue to expand our funding with the goal of supporting the broadest possible geographic array of communities.

20. Will ArtPlace America fund projects in rural communities?

Yes, communities of all sizes are encouraged to submit a Letter of Inquiry. Rural communities represented 17% of the National Grants portfolio in 2013, and in 2014, 31% of the projects funded were in rural communities.

21. Can the scope of the project be regional/statewide?

Yes. The scope of an ArtPlace America project can be regional/statewide; however, statewide or regional projects should be focused on strengthening the social, physical, and economic character in local communities and be able to demonstrate the impact of their work at the level of geography they have used to define their community.

22. Is a project eligible to receive funding from ArtPlace
America if funding for the same initiative has been received from a foundation participating as an ArtPlace America funder or from another national partner?

Yes you may apply. If you receive funding from participating ArtPlace America funders or from any of our partners (including the National Endowment for the Arts), it will not impact your eligibility to receive ArtPlace America funding.

23. Will ArtPlace America grants be subject to the reporting and auditing requirements associated with federal programs?

ArtPlace America is not a federal program. The reporting requirements will be similar to those required by the private foundations participating in ArtPlace America, as opposed to those required by the federal government. ArtPlace America’s reporting period will be 21 months in length and requires interim reports every six months and a final report within three months of the close of the grant period.

24. Can ArtPlace America funds be used for programming? Planning? Implementation? Capital projects?

Yes. As long as the project is likely to improve the social, physical and economic fabric of your community, ArtPlace America grant funds can be used for all of these types of projects or a combination of these activities. Specifically, ArtPlace has an interest in funding the implementation of a planning process, not the development of a plan.

25. For renovations or other capital projects, does the building or property owner have to be a 501 (c) 3 organization?
No. As long as the project will have the capacity to fulfill its long-term strategic goals, there are no restrictions in terms of property ownership for ArtPlace America's grant program. Municipal owned buildings, condominium spaces, long-term leases with developers/individuals, as well as fee simple ownership are all viable alternatives. Please describe your arrangement in the narrative portion of the Letter of Inquiry.

26. Are artists' and designers' fees eligible expenses?

Yes, fees for all types of individuals involved in a project are both eligible and encouraged, such as prevailing/living wages for artists, choreographers, musicians, designers, curators, architects, facilitators or other consultants.

27. Can salaries for administration or additional fundraising be funded?

Salaries for administration, project management, and fundraising are allowed. However, ArtPlace America restricts fiscal sponsor fees to 12.5% of the total project request/award.

28. Will ArtPlace America support research or publications about creative placemaking projects?

ArtPlace America does not anticipate investments in research through its National Grants Program. ArtPlace will be developing research strategies to be released in 2015. For more information, please contact our Director of Research Strategies at: Jamie.Hand@artplaceamerica.org.

29. Will ArtPlace support field building activities or the development of tool kits?

Toolkits and field building activities will not be funded through
our National Grants Program. ArtPlace will be developing a series of field building strategies to be announced in 2015. For more information please contact our Director of Communications at: Prentice@artplaceamerica.org

Review Process

30. Who will review my application?

LOI Phase: ArtPlace staff and external reviewers (nationally representative professionals with deep experience in art, community, and creative placemaking) will review the Letters of Inquiry and make recommendations as to which projects should be invited to submit full proposals.

Full Proposal Phase: Projects invited to submit a full proposal will receive a site visit from an ArtPlace representative (between late January and February 2015). The full proposals and site visit reports will be considered by ArtPlace staff and external reviewers, who will make recommendations as to which projects should be funded. ArtPlace America's foundation partners will also make recommendations and provide technical assistance throughout the review process. ArtPlace America's Executive Director will ultimately authorize the finalists and grants that will be made.

31. Can I request panel comments or feedback after my project has been reviewed?

Given the large number of applications for this program and limited staff capacity, ArtPlace America is not able to provide individualized feedback or panel comments for LOIs.
Applicants that advance to the Full Proposal stage and are not awarded a grant will have the opportunity to receive verbal feedback on their applications.

32. Can I speak with an ArtPlace staff member about my project prior to applying?

Given the large number of applications we anticipate for this round, ArtPlace staff is not able to schedule one-on-one calls to discuss projects. ArtPlace will host at least one live webinar during which specific questions can be asked.

33. Should we submit letters of support for our work?

No, ArtPlace will not accept letters of support. If you are working in partnership with other organizations to strengthen the social, physical, and economic character of your community, please include information about the partnership and the shared strategy you are pursuing in the narrative sections of the Letter of Inquiry.

34. How much will ArtPlace America award to a single organization?

Decisions will be made on a case-by-case basis. ArtPlace America National Grants generally range between $50,000-$500,000.

35. Are award amounts the same as requested or are they ever reduced?

In its first four rounds of funding, ArtPlace America awarded some projects the full amount requested and some projects at a level lower than the amount requested. We anticipate the same will apply to this round.
36. Will ArtPlace America make only one award per community?

No, ArtPlace America has made (and may continue to make) multiple awards to individuals/projects/organizations within a single community.

Technical Issues

37. Will there be a webinar on these new guidelines?

In order to accommodate all applicants, ArtPlace America has posted a video guide on the new guidelines. Additional webinars will be hosted where individual questions may be submitted remotely. The video and webinar information will be made available here: http://www.artplaceamerica.org/loi/.

38. How can we see the Letter of Inquiry questions before filling out the online form?

The Letter of Inquiry worksheet includes all of the questions in the online form. Please use this as a guide for completing your Letter of Inquiry. ArtPlace America will not provide copies of submitted applications. We encourage you to print your application or save it on a local server before you submit through our Web Portal.

39. Can I save my online application prior to submission?

Yes, the online application has an option to save a draft prior to submission; however, we encourage all applicants to save a copy of their work on a local server.

40. Do I need to use the same username and password as last
year?

No, the online application is built on a new platform this year. New sign in details will need to be created for this new system by registering through our Web Portal.

41. I have forgotten my password for the online form. How can I retrieve it?

You can do this yourself in the new system by clicking "I forgot my password."

42. While I’ve checked that the character count of my response is below the listed maximum, the online application will not allow me to complete the response. Why does the character count in the online system not match the character count in my word processing system?

The online application system calculates the number of characters including spaces. Please use single spaces after punctuation and in general avoid all unnecessary spaces in your response.

43. I have more questions. Whom do I contact?

You can direct questions not answered by this FAQ document to grants@artplaceamerica.org. We will periodically update this page with questions asked by a critical mass of applicants. Since ArtPlace staff may not have the capacity to respond to individualized questions about your project, we encourage you to submit your original ideas in your Letter of Inquiry.
CITY OF RIO DE LEE
STAFF REPORT
CITY COUNCIL AGENDA
Tuesday October 14, 2014

TO: Mayor and Members of the City Council

THROUGH: Kyle Knopp, City Manager

FROM: Brooke Woodcox, Finance Director

DATE: October 14, 2014

SUBJECT: Ordinance No. 328-2014 Amending Purchasing Procedures Section 3.30.100 of the Municipal Code

RECOMMENDATION

Conduct the second reading (by title only) and adopt Ordinance No. 328-2014 Amending Purchasing Procedures Section 3.30.100 of the Municipal Code to include Codes of Conduct for grantee, sub-grantee officers, employees, agents, or by contractor or their agents.

BUDGETARY IMPACT

None.

BACKGROUND AND DISCUSSION

Council may recall that on January 7, 2014 at a regularly scheduled Council meeting Ordinance No. 314-2014 was adopted that established a lease vs. purchase policy and included disciplinary procedures for any willful violator of the City’s purchasing policies. This was in response to satisfy the recommendations of the EPA’s desk review audit of the City’s Brownfield Grant.

The EPA has recently notified Staff that the lease vs. purchase policy meets their recommendations; however they found the disciplinary procedures lacked the recommended Codes of Conduct per 40 CFR 31.36 (b) Procurement Standards. Presented is Ordinance No. 328-2014 which amends Section 3.30.100 of the Rio Dell Municipal Code purchasing policies to meet the EPA’s Codes of Conduct requirements.
ORDINANCE 328-2014

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF RIO DELL AMENDING PURCHASING PROCEDURES SECTION 3.30.100 OF THE RIO DELL MUNICIPAL CODE

The City Council of the City of Rio Dell does ordain as follows:

Section 11: Unlawful Purchases. No purchases or contracts shall be made contrary to the provision of this ordinance. No contract shall be purposely split or subdivided to avoid the provisions of this ordinance. Any employee who willfully violates this policy will be subject to the discipline up to and including termination pursuant to the disciplinary policies set forth in the City of Rio Dell Employee Handbook.

Section 11: Codes of Conduct

A. Unlawful Purchases. No purchases or contracts shall be made contrary to the provision of this ordinance. No contract shall be purposely split or subdivided to avoid the provisions of this ordinance.

B. Conflict Of Interest. No City of Rio Dell employee, consultant, elected official, appointed official or designated agent of the City of Rio Dell will take part or have an interest in the award of any purchasing transaction if a conflict of interest, real or apparent, exists. A conflict of interest occurs when the official, employee or designated agent of the City of Rio Dell, partners of such individuals, immediate family members, or an organization which employs or intends to employ any of the above has a financial or other interest in any of the competing firms.

NOTE: These rules apply to all named parties and shall be effective for the period of service and for one year after leaving said position (or office, in the case of elected officials).

Subject: Nuisance Ordinance Amendments

---

Recommendation:

That the City Council:

1. Receive staff's report regarding the proposed text amendment; and

2. Open the public hearing, receive public input, and deliberate; and

3. Introduce Ordinance No. 329-2014 amending the current Nuisance regulations to include Administrative Citation provisions, Chapter 8.10 of the Rio Dell Municipal Code (RDMC) and continue consideration, approval and adoption of the proposed Ordinance to your meeting of November 4, 2014 for the second reading and adoption

Background and Discussion

Staff is recommending that the City adopt Administrative Citation provisions as part of the Nuisance Regulations, Chapter 8.10 of the Rio Dell Municipal Code (RDMC). Although the current Nuisance Regulations refer to Administrative Citations, there are no provisions to actually implement and issue Administrative Citations.

Staff has learned from conversations with other jurisdictions that Administrative Citations are very effective in abating nuisances. Under the current provisions, when a complaint is made or a violation is identified, the City notifies the owner and or occupant by mail with a "Courtesey Letter" requesting that they contact the City typically within ten (10) days of receipt of the letter and informing us of their intentions. More times than not, we do not hear from the owner or occupant. We then send a second letter requesting they contact the City within five (5) or ten...
(10) days, depending on the nature of the violation, of receipt of the letter and inform them that if they don’t contact the City within the specified time period, we will record a Notice of Violation. Again, many times the letters are ignored. The preparation and recordation of the Notice is time consuming, typically two (2) hours minimum of staff’s time. If no response is provided and the nuisance or violation continues, the next step is to schedule a public hearing before the City Council requesting the Council authorize the abatement of the nuisance or violation. This process could take up to four (4) to six (6) weeks.

Under the current provisions, those responsible for the nuisance and or violations can be found guilty of a misdemeanor and upon conviction can be punished for each violation by a fine not exceeding one thousand ($1,000.00) dollars and or by imprisonment of up to six (6) months. Unfortunately, the City is obligated to prosecute the violator in court. Of course, this process is also time consuming and costly.

Staff believes that the Administrative Citation provisions will be more cost effective and less time consuming in abating nuisances and code violations in that the Citation is issued and included with the first letter which will be hand delivered and sent Certified mail. A copy of the Citation is included as Attachment 1. The person receiving the citation would have a certain number, but typically no more than thirty (30) days depending on the violation, to remedy the situation. If the violation is not remedied within the specified time period then the payment of the fine is due and payable. If the violation is remedied within the specified time the fine is not due and payable.

The amounts of the fines for violations of the Rio Dell Municipal Code and local building and safety codes, including the California Building Code (CBC), California Residential Code (CRC), Section 17920.3 of the California Health and Safety Code, Uniform Housing Code (UHC) are imposed pursuant to Government Code Section 53069.4 are recommended to be:

- A fine of one hundred dollars ($100.00) for a first violation;

- A fine of two hundred dollars ($200.00) for a second violation of the same code section within one (1) year of the first violation;

- A fine of five hundred dollars ($500.00) for each additional violation of the same code section within one (1) year of the first violation.

All Citations are appealable. The Citation may be appealed by completing a request for a hearing within twenty-one (21) days of the date of Citation. A copy of the Request for Hearing is included as Attachment 2. The appellant must also submit with the Request for Hearing form either an advance deposit of the fine(s) or a hardship Request for Temporary Waiver of the Appeal Deposit. A copy of the Request for Temporary Waiver of the Appeal Deposit is included in Attachment 3.

If a timely appeal is filed, the appellant will be notified of the time and place of the hearing at least ten (10) days prior to the date of the hearing. A hearing will be held not less than fifteen
(15) days and not more than thirty (30) days from the date of the request for a hearing. If the City prepares an additional written report concerning the citation to the appeal committee, a copy of that report will be provided to the appellant at least five (5) days prior to the date of the hearing. At the hearing, the appellant may testify and present evidence concerning the citation. If the appellant fails to appear at the hearing they will forfeit the deposit of the fine and be deemed to have failed to exhaust their administrative remedies and consented to any order to correct.

The fine must be paid within thirty (30) days of the citation or the appeal decision date is the appeal was unsuccessful. A ten percent (10%) late payment fee will be imposed on any fine which is not paid within thirty days of the issuance of the citation or the appeal decision date. If the fine is not paid the City could pursue payment by either:

- A trial in Civil Court with subsequent garnishment of their earnings.
- A lien placed against their California Franchise Tax return.
- This claim assigned to a collection agency.
- A lien placed against the property.

Should the violation not be remedied, then the City will pursue the abatement of the nuisance. Of course the purpose of the Administrative Citation provisions is to encourage voluntary compliance in abating violations, including nuisances.

(A) Whenever it is necessary to make an inspection of any Premises to enforce the provisions of this chapter, and to the extent authorized by law, the Code Compliance Administrator or a Department Head authorized by the Code Compliance Administrator may enter on such Premises at all reasonable times to inspect the same or to perform any duty imposed upon him/her by this Code, subject to the requirements of Amendment IV of the United States Constitution and any other provisions of applicable law.

This does not prevent entering the property within the 24 hours of notification with the owner or occupant’s permission.

(C) If entry onto any Premises is denied by the owner or occupant of such Premises, or by any third party, the Code Compliance Administrator or authorized Department Head shall have recourse to every remedy provided by law to secure peaceable entry on such Premises to perform the duties required by this chapter.

(3) Such person shall be prosecuted in a civil action, criminal action, or both brought by the City. The City Attorney or other authorized legal representative may bring an action in a court of competent jurisdiction to enjoin or prosecute any nuisance violation of this chapter, or violation of any other ordinance of the City;

The City Council finds that there is a need to establish several mechanisms, including fines.
(C) These provisions provide for administrative procedures and citations as provided in Government Code Section 53069.4.

(D) The remedies provided by these provisions are in addition to all other legal remedies, administrative, criminal and/or civil, which may be pursued by the City to address any violation of this Code.

(E) Use of these provisions shall be at the sole discretion of the City.

(C) Proof of giving any notice may be made by the certificate of any officer or employee of the city, or by affidavit of any person over the age of eighteen years, which shows service in conformity with this code or other provisions of law applicable to the subject matter concerned.

8.10.080. 8.10.170 Additional Enforcement.

Nothing in this chapter shall be deemed to prevent the City from commencement of any available administrative, civil and/or criminal proceeding to abate a nuisance pursuant to all applicable provisions of law as an alternative and/or in addition to any enforcement proceedings set forth in this chapter.

8.10.100. 8.10.190 Permits Required.

When a permit is required to correct a Code violation pursuant to a Code compliance action, the property owner shall complete the permit, including all inspections, corrections, and work in accordance with a timeline established by the Code Compliance Administrator. In establishing the timeline the Code Compliance Administrator shall provide a time frame, which in his or her judgment, is reasonable to expeditiously complete the permit. Failure to strictly adhere to the established timeframe shall be deemed a continuing violation subject to the remedies established in this article. Nothing in this chapter shall be construed to relieve the
violer from payment of any and all costs incurred by the City in enforcing and/or causing the abatement of any violation of the City of Rio Dell Municipal Code.

Article 3. Summary Abatement Weed Abatement

8.10.200. Weed Abatement.

The City may perform this abatement without providing prior notice or hearing to the owner or occupier of the offending Premises. Such summary abatement may proceed only upon the authorization of the City Manager and the City Attorney, or their respective designees. The abatement shall include all actions necessary to secure the Premises to prevent further occurrences of the nuisance.

Persons receiving such notice shall be entitled to all hearing rights as provided herein.

(E) If a structure is deemed untenable pursuant to California Civil Code § 1941.1 and the Code Compliance Officer determines that the structure is in such a condition as to make it immediately dangerous to the health and safety of the occupants or public, it shall be ordered to be vacated and posted as unsafe.
Article 4 §. Administrative Abatement

(A) Whenever the Code Compliance Administrator or the Department Head has inspected or caused to be inspected any Premises or condition and has found and determined that such Premises or condition are in violation of this chapter, and that such violation does not pose an immediate danger to health or safety, the City Manager or his/her designee may commence proceedings to cause abatement of the nuisance as provided herein. When the City Manager or his/her designee, or Department Head has found that a violation of this chapter poses an immediate danger to health or safety, the City Manager or his/her designee, or Department Head may pursue any remedies available under this chapter or by law, including, but not limited to, summary abatement or administrative citation.

(B) Once proceedings have been commenced pursuant to this chapter to declare a public nuisance, no Premises or building shall be deemed to be in compliance with this chapter solely because such building or Premises thereafter becomes occupied or unoccupied.

(A) Upon determination by the Code Compliance Administrator or the Department Head that a premise is in violation of this chapter, and a Notice of Violation and/or a Notice and Order has not been issued against the same Premises, or the same property owner but at a different premise, address or location, within the City, within the last (12) twelve months, and that the violation does not create an immediate danger to health or safety, City Manager or his/her designee or the Department Head may issue a Notice of Violation to the owner of record of the Premises and to the occupant of the Premises, if any. If neither of these methods result in the notice being served upon the record owner and any occupants after reasonable attempts to serve, a copy of the notice shall be posted on the Premises.

8.10.160 8.10.260 Notice and Order—Structural and Technical

Notice and Orders are primarily used for structural or technical Code violations such as illegal construction, conversions, alterations, illegal plumbing, mechanical or electrical installations, dangerous buildings, substandard housing or similar. When issued, the violation must be remedied in thirty calendar days, unless there is an immediate danger risk. If there is an eminent threat of danger the violation must be remedied immediately.

(A) Grounds for Issuance. A Notice and Order may be issued under any of the following circumstances:

(1) When a Notice of Violation has been served, and the specified time has passed without adequate correction and abatement of the violation;

(2) When a stop work order has been issued but has not been complied with;

(3) When the City has performed a summary abatement pursuant to this chapter;
(4) When the same type or character of violation has been committed by the same person, or on the same Premises, or a notice of violation, an administrative citation, or a Notice and Order has been served on the same person, or on the same Premises, within the past twelve months.

(B) Contents of Notice and Order. A Notice and Order shall contain the following:

(1) The name and address of the person, corporation, or entity in violation, and the street address of the property where the violation is present;

(2) A statement specifying the condition(s) which constitute a violation and nuisance;

(a) why the Premises should not be declared to be a public nuisance and abated; and

(b) why the costs of such abatement should not become a special assessment lien against the Premises;

(6) A statement informing the recipient of the Notice that there is a fee, which is set by resolution by the City Council of the City of Rio Dell that must be deposited at the time an appeal is filed.

(7) A statement that if the person, corporation or entity fails to abate the violation and nuisance or fails to file within ten calendar days, a request for an appeal hearing, the Notice and Order shall be final and not subject to judicial review, and all persons served with such notice shall be deemed to have consented to the abatement of the nuisance and that, at the election of the City, the City will abate the nuisance and the costs of such abatement may be charged against the Premises and may be recorded as a special assessment lien against the Premises.

(8) A statement regarding the range of the administrative, civil and/or criminal actions and monetary penalties, as described herein, that the City may impose for such violations if not corrected;

(11) A statement regarding the procedure for assessing the costs for the abatement: If the person or persons liable to pay the costs of abatement fails to do so within thirty (30) calendar days of receiving the statement of such costs, the City may initiate proceedings to have such costs assessed against the real property or Premises on which the City abated the nuisance. Such proceedings and notice of such proceedings shall be performed in accordance with Section 54954.6 of the California Government Code. The costs of abatement shall be treated as a new assessment for purposes of Section 54954.6. No majority protest rights exist for this assessment. City staff shall present to the City Council a report of costs for abating the nuisance at the public meeting required by Section 54954.6.

(12) A statement regarding the total cost for abating a nuisance shall constitute a special assessment against the Premises to which it relates, and upon recordation in the office of the county recorder of a notice of lien, shall constitute a lien on the property for the amount of such assessment. The procedure for collecting abatement costs through a special assessment lien shall be in accordance with California Government Code Section 38773.5.

After such recordation, a copy of the lien shall be turned over to the county assessor, who shall then enter the amount of the lien on the assessment rolls as a special assessment. Thereafter, said amount shall be collected at the same time and in the same manner as ordinary municipal taxes are collected, and shall be subject to the same penalties and the same procedure under foreclosure and sale in case of delinquency as provided by Government Code Section 38773.5 and as provided for ordinary municipal taxes.

(1) Persons Entitled to Service. The Notice and Order shall be served upon the owner of the Premises, any occupants of the Premises, and any other person, corporation, or entity in violation. If the City proposes to impose a special assessment lien on the
property, the City official issuing the Notice and Order shall also serve one copy on each of the following if known or disclosed from official public records:

(a) the holder of any mortgage, deed of trust, or other encumbrance of record; and

(b) the owner or holder of any lease of record. The failure of the City official issuing the order to serve any person required to be served shall not invalidate any proceedings under this chapter or relieve any person who was duly served from any duty or obligation imposed on him/her by the provisions of this section.

(2) Method of Service. Unless otherwise provided in this section, service of a Notice and Order shall be made by personal service or by First Class U.S. mail, postage prepaid with confirmation of delivery by the U.S. Postal Service. Service on any property owner in violation is deemed complete when it is served or delivered at the address listed by the property owner on the latest equalized assessment roll of Humboldt County, or as known to the City official issuing the order. If personal service or service by mail with confirmation of delivery is not reasonably feasible, service of the Notice and Order may be made by posting the notice on the subject Premises and sending a copy by regular United States mail service. Service posting in the manner herein provided shall be effective on the date of posting. As an alternative, substituted service of the Notice and Order may be made as follows:

(a) (i) By leaving a copy during usual business hours at the recipient’s business with the person who is apparently in charge, and then mailing a copy by first-class mail to the recipient at the address where the copy was left; or

(ii) By leaving a copy at the recipient’s dwelling or usual place of abode, in the presence of a competent member of the household, and then mailing a copy by first-class mail to the recipient at the address where the copy was left.

(c) Substituted service may be made by posting the Notice and Order on the Premises and mailing a copy of the Notice and Order to the person, corporation, or entity in violation at the address of the property on which the violation has occurred or is occurring.
(d) If the person, corporation, or entity in violation or other person entitled to service cannot be located or service cannot be made as set forth in this section, service may be made by publication in a newspaper of general circulation in Humboldt County. Service shall be deemed sufficient when it is accomplished pursuant to Government Code Section 6063.

(D) Record. Preparation of a record of the proceeding shall be governed by California Code of Civil Procedure Section 1094.6, as presently written or hereinafter amended.

8.10.170. 8.10.270 Appeal Hearing—Administrative Citations & Notice and Order.

(A) Payment of Appeal Fee. Any person, corporation, or entity seeking to appeal an Administrative Citation shall submit an advance deposit of the fine(s). No appeal request is valid unless accompanied by the advance deposit of the fine(s) or a City hardship. If it is determined that the Administrative Citation was not warranted or the responsibility of the citant(s) the advance deposit of the fine shall be returned.

Any person, corporation, or entity seeking to appeal or a Notice and Order shall be required to pay to the City, at the time the appeal is requested (within twenty-one (21) days from the date of the Notice and Order), a nonrefundable appeal fee to be set by resolution of the City Council. The appeal fee is intended to cover the costs, expenses, and City employees’ time incurred by the City in processing, preparing for, and hearing of the appeal. No appeal request is valid unless accompanied by the appeal fee or a City hardship waiver is granted.

(1) Hardship Waiver. The appealing party shall complete and request a waiver on a form provided by the City. If the appealing party establishes to the satisfaction of the City Manager or designee, by means of tax returns, pay stubs or other similar documentary evidence, and submits a declaration under penalty of perjury that paying the appeal fee or the advance deposit of an administrative citation fine would cause undue financial hardship to the appealing party, the City Manager may grant a waiver of the appeal fee or the advance deposit of any fine(s). The City Manager’s determination is not appealable and shall be final as to the hardship waiver request. If the City determines not to approve a request for a waiver, the appealing party must remit the appeal fee or advance deposit to the City within ten (10) days of the date of that decision or thirty (30) days from the date of the administrative citation, whichever is later. If you do not do so you will not be entitled to a hearing.

(B) Hearing Committee. The appeal shall be heard by a committee (the “Hearing Committee”). The Hearing Committee shall consist of two Members of the City Council and the City Manager, plus one alternate City Council Member to facilitate timely hearings pursuant to this ordinance and resolve any potential conflicts of interest. The alternate City Council Member shall only participate in appeals where one of the other two City Council Members is unable to serve due to scheduling concerns or a conflict of interest. City Council Members shall be selected to serve on the Hearing Committee at the same time that other committees are formed by the City

Nuisance Regulations Citation Amendment Ordinance No. 329-2014
Council. Committee members shall not participate in the hearing process in cases when the member has had a substantial personal involvement with the party requesting the hearing and that personal involvement is a conflict of interest. The Hearing Committee shall be advised by the City Attorney to ensure proper legal procedures are followed and adhered to.

(C) Setting Appeal Hearing. The appeal hearing shall be set by the City Manager or his or her designee, and notice of the appeal hearing shall be sent to the appellant by first class mail at the address provided with the written appeal request. The appeal hearing shall be set for a date no sooner than twenty (20) fifteen (15) days and not more than 30 days following a request for an appeal hearing. Notice of the appeal hearing shall be mailed at least fifteen (15) ten (10) days before the date set for hearing.

(D) Conduct of Appeal Hearing.

(1) Testimony at the Hearing. At the time set for the appeal hearing, the Hearing Committee shall proceed to hear testimony from the representative of the City, the appellant, and any other competent persons with respect to the determination of a violation and nuisance or the imposition of an administrative penalty.

(2) Record of Oral Evidence at Hearing. The proceedings at the hearing shall be reported by a tape recording, or video recording. Either party may provide a certified shorthand reporter to maintain a record of the proceedings at the requesting party’s own expense.

(3) Continuances. The Hearing Committee may, upon request of the person, corporation, or entity against whom a penalty is to be imposed, or upon request of the City, grant continuances from time to time for extreme or unusual cause shown, or upon the Hearing Committee’s own motion.

(4) Oaths; Certification. The City Clerk or certified shorthand reporter shall administer the oath or affirmation.

(5) Evidence Rules. Government Code Section 11513, subsections (a), (b), and (c) shall apply to all administrative hearings. At the Hearing Committee’s sole discretion, other relevant evidence may be admissible and hearsay evidence may be used for the purpose of supplementing and explaining other evidence.

(6) Burden of Proof. The accuracy of an Administrative Citation and the accuracy of a Notice and Order containing the description of the violations and/or public nuisance and the actions required to abate such nuisance or violation is deemed a rebuttable presumption and the burden is on the appellant to provide such facts and information to overcome such presumption by a preponderance of the evidence.
(7) Rights of Parties.

(a) Each party shall have the following rights among others:

(i) To call and examine witnesses on any matter relevant to the issues of the hearing;

(ii) To introduce documentary and physical evidence;

(iii) To cross-examine opposing witnesses on any matter relevant to the issues of the hearing;

(iv) To impeach any witness regardless of which party first called that witness to testify;

(v) To rebut the evidence against him or her;

(vi) To represent himself or herself or to be represented by anyone of his or her choice.

(b) If a party does not proficiently speak or understand the English language, that party may provide an interpreter, at that party's own cost, to translate for the party. An interpreter shall not have been a resident of the Premises or have had any personal relationship with or involvement in the parties or issues of the case prior to the hearing.

(8) Official Notice. In reaching a decision, the Hearing Committee may take official notice, either before or after submission of the case for decision, of any fact which may be judicially noticed by the courts of this state or which may appear in any of the official records of the City or county, or any of their departments.

(9) Inspection of the Premises.

(a) The hearing officer may inspect the Premises involved in the hearing prior to, during, or after the hearing, provided that:

(i) Notice of such inspection shall be given to the parties before the inspection is made;

(ii) The parties consent and are given an opportunity to be present during the inspection; and

(iii) The hearing officer shall state for the record during the hearing, or file a written statement after the hearing for inclusion in the hearing.
record, upon completion of the inspection, the material facts observed and the conclusions drawn there from.

(b) Each party shall then have a right to rebut or explain the matters so stated by the hearing officer either for the record during the hearing or by filing a written statement after the hearing for inclusion in the hearing record.

(c) Notice to the parties or the owner(s)' consent to inspect the building and surrounding properties is not required if the property can be inspected from areas in which the general public has access or with permission of the other persons authorized to provide access to the property on which the building is located.

(E) Form and Contents of the Decision; Finality of Decision.

(1) Format of Hearing Committee's Decision. The Hearing Committee shall issue a written decision containing findings of fact and a determination of the issues presented. The Hearing Committee may affirm, modify or reverse the Administrative Citation, a Notice of Violation or the Notice and Order imposed by the City or find that the imposition of the penalty is not warranted or is not in the interest of justice.

(2) Contents of Hearing Committee's Decision. If it is shown by a preponderance of all the evidence that the condition of the Premises constitutes a violation of the Rio Dell Municipal Code or is a public nuisance as defined in this chapter, the decision shall declare the Premises to be a public nuisance and shall order and require the appellant to abate the nuisance not later than ten (10) calendar days after the issuance of the decision or, if ten (10) calendar days is insufficient to abate the nuisance, within such other time as specified by the Hearing Committee not to exceed sixty (60) days. The decision shall inform the appellant that if the nuisance is not abated within the time specified, the nuisance may be abated by the City in such manner as may be ordered by the Department Head and the expense thereof made a special assessment lien upon the property involved. This is in addition to any other legal remedies that the City may choose to compel compliance.

(3) Service of the Hearing Committee's Decision. Upon issuance of the decision, the City shall serve a copy on the appellant by first class mail to the address provided by appellant in the written notice of appeal. The Hearing Committee's decision shall be deemed served three days after the date it is mailed to the address provided by the appellant.

(4) Finality of Hearing Committee's Decision. The decision of the Hearing Committee on an appeal of an Administrative Citation, Notice of Violation and or a Notice and Order shall constitute the final administrative decision of the City and shall not be appealable to the City Council or any committee or commission of the City.

8.10.190. 8.10.290 Failure to Obey Order—Abatement by City.

(A) If, after any notice of violation or any order of a Hearing Committee made pursuant to this chapter has become final, the person to whom such order is directed shall fail, neglect or refuse to obey such order, the Department Head is authorized and directed to cause the nuisance to be abated by City personnel or private contract. In furtherance of this section, the Department Head shall obtain a warrant, if required, and thereafter is expressly authorized to enter upon the Premises for the purpose of abating the nuisance.

(B) Additionally, any person who fails to obey such order shall be guilty of a misdemeanor punishable as specified in Section 8.10.070(a)(2) of this chapter.

8.10.200. 8.10.300 Interference with Work Prohibited.

No person shall obstruct, impede or interfere with any officer, employee, contractor or authorized representative of the City, or with any person who owns or holds any estate or interest in any Premises on which a nuisance exists and which must be abated under the provisions of this chapter, whenever such officer, employee, contractor or authorized representative of the City, or person having an interest or estate in such Premises is engaged in the work of abating any nuisance as required by the provisions of this chapter, or in performing any necessary act preliminary to or incidental to such work authorized or directed pursuant to this chapter.

(A) The Department Head shall keep an account of the costs and expenses of abating such nuisance, and the City shall render a statement of such costs to the person or persons receiving the notice to abate.

(B) Such person or persons receiving the notice of violation or decision of the hearing officer shall be liable to the City for any and all costs and expenses to the City involved in abating the nuisance. Such costs and expenses are due upon receipt of the statement required in subsection (A) of this section.

8.10.220. 8.10.320 Procedure for Assessing Costs.

Such proceedings and notice of such proceedings shall be performed in accordance with Section 54954.6 of the California Government Code. The costs of abatement shall be treated as a new assessment for purposes of Section 54954.6. No majority protest rights exist for this assessment. The Department Head shall present to the City Council a report of costs for abating the nuisance at the public meeting required by Section 54954.6.

8.10.230. 8.10.330 Assessment of Costs—Special Assessment Lien Against Property.

(A) The total cost for abating a nuisance shall constitute a special assessment against the Premises to which it relates, and upon recordation in the office of the county recorder of a notice of lien, shall constitute a lien on the property for the amount of such assessment.
